

Our Ref: NW/11/01/O-015007
Date: 15 November 2022

Dear Sir / Madam,

**NEW MANAGEMENT CONTRACT FOR MANAGEMENT AND MAINTENANCE OF THE SCOTTISH TRUNK ROAD NETWORK – NORTH WEST UNIT
A85 TRUNK ROAD MAINTENANCE – COMRIE EAST – CONSULTATION LETTER**

BEAR Scotland, on behalf of Transport Scotland, are planning to carry out carriageway resurfacing works on the A85 through the village of Comrie, between Bridge Street and Comrie Skate Park. A location plan has been enclosed for your information.

Works are planned to take place between Sunday 4th and Wednesday 21st December 2022. Please see table below for programme of works:

Location and Work Type	Duration	Work Hours	Traffic Management
Comrie Park to Bridge of Lednock Carriageway Resurfacing	Sunday 4 th to Thursday 8 th December (5 nights)	18:00hrs – 02:00hrs	Lane Closure with 2-way Temporary Traffic Lights and 10mph Convoy System <i>(with parking restrictions in place each night, 5pm to 5am)</i>
Bridge of Lednock to Bridge Street Carriageway Resurfacing	Sunday 11 th to Thursday 15 th December 2022 (5 nights)	18:00hrs – 02:00hrs	Lane Closure with 2-way Temporary Traffic Lights and 10mph Convoy System. Closure of B827 with diversion via Crieff <i>(with parking restrictions in place each night, 5pm to 5am)</i>
Comrie Park to Bridge Street Road Marking Installation	Monday 19 th to Wednesday 21 st December 2022 (3 days)	09:30hrs – 16:00hrs	Lane Closure with 2-way and 3-way Temporary Traffic Lights <i>(with parking restrictions in place each day, 8am to 4pm)</i>

Carriageway Resurfacing Works

Carriageway resurfacing works are planned for construction between Sunday 4th to Thursday 15th December 2022, with no work taking place on Friday or Saturday nights. Works will be carried out between the hours of 6pm and 2am each night. Please note, this is the maximum available working window and as such, works may finish earlier, depending on progress achieved each night. Operations will be carried out under a lane closure where a 10mph convoy traffic management system will be in place. Out with working hours the traffic management will be removed, however, driver awareness is encouraged as road users will be travelling over a temporary surface. Access for emergency services will be maintained at all times.

Whilst works progress adjacent to B827 Bridge Street Junction, access to the A85 Trunk Road from Bridge Street, and vice versa, will be prohibited to allow works to progress safely. A signed diversion route will be in place via B827, A822 and Crieff, as per the enclosed diversion plan.

Due to the presence of on street parking limiting access to the full carriageway, parking restrictions will be in place from Comrie Skate Park to Bridge of Lednock between 5pm and 5am each night, from Sunday 4th December at 5pm to Thursday 8th December at 5am. Further parking restrictions will be in place from Bridge of Lednock to Comrie Community Centre between 5pm and 5am each night, from Sunday 11th December at 5pm to Thursday 15th December at 5am. This will allow operations to treat the full width of the carriageway and ensure progress each night is unimpeded.

Road marking and road studding operations

Road marking and stud installation works are planned for construction from Monday 19th to Wednesday 21st December 2022, between 9:30am and 4pm, each workday. Operations will be carried out under a daytime lane closure, where two-way temporary traffic lights will be in place. Three-way traffic control will be required at B827 Bridge Street Junction.

Parking restrictions will be in place on the A85 trunk road between Comrie Skate Park and Comrie Community Centre, from 8am to 4pm, each workday. No vehicles should park on the A85 Trunk Road between the above locations during these times to ensure progress each day is unimpeded.

We would like to take this opportunity to invite feedback on these proposed works, you can do so by contacting us via email on NWConsultation@bearsScotland.co.uk. The closing date for consultation is Friday 25th November 2022.

Yours faithfully,

Ross O'Brien
Assistant Planned Maintenance Manager
For and on behalf of BEAR Scotland
